

## Shipping Methods and Rates USA

Valid as of December 2nd, 2025

### 1. Standard Shipping

- for orders up to approx. 110 kg

Standard Shipping applies to all orders unless otherwise requested.

Standard shipping times are not guaranteed and may vary depending on U.S. customs procedures.

| Country | Weight in gram |                   | Standard Shipping Method     | Delivery Time<br>(number of business days) |
|---------|----------------|-------------------|------------------------------|--------------------------------------------|
|         | from           | to                |                              |                                            |
| USA     | 1 g            | approx. 110,000 g | FedEx International Priority | approx. 3 days                             |

The rates for **Standard Shipping** are determined by the **total retail value** of your order.

| Total Retail Value |              | Standard Shipping Rates |
|--------------------|--------------|-------------------------|
| from               | to           |                         |
| 0.01 €             | 50.00 €      | 7.00 €                  |
| 50.01 €            | 100.00 €     | 13.50 €                 |
| 100.01 €           | 200.00 €     | 26.50 €                 |
| 200.01 €           | 500.00 €     | 52.50 €                 |
| 500.01 €           | 1,000.00 €   | 105.00 €                |
| 1,000.01 €         | 2,000.00 €   | 189.00 €                |
| 2,000.01 €         | 3,500.00 €   | 315.00 €                |
| 3,500.01 €         | 5,000.00 €   | 441.00 €                |
| 5,000.01 €         | up to 110 kg | 578.00 €                |

### 2. Dropshipping

Upon request we will dropship your order. For this service we charge EUR 3.50 on top of the shipping rates listed above.

### 3. Express and Freight Orders

Shipping charges for express and freight orders are determined by the weight of your order. They will be calculated individually and you will receive a separate invoice.

#### Orders exceeding 110 kg

For large orders exceeding 110 kg, freight may be the best shipping option. In this case, quotations will be obtained from various shipping companies. You will be informed about the available options and delivery times before your order is dispatched.
